I understand that completion of L1 course does not guarantee L1 certification, and that in order to obtain certification, I must pass the BSPTS L1 written exam given at the end of the L1 course. A score of 75% is required for passing. If I fail to pass the L1 exam, I will be required to retake the L1 exam within 3 months, which may be proctored from a remote location. If I fail a second time, I will be required to take the course at full cost before retaking the certification exam.

I understand that BSPTS L1 certification is primarily intended for use in 1:1 individual physical therapy treatment of patients with Adolescent Idiopathic Scoliosis (AIS). It may be applied with limitations in other cases, such as neuromuscular scoliosis. It is not intended for entry level use in adults with painful, degenerative scoliosis, group therapy, or immersion type training, which are best provided after L2 certification (see below). I also agree that I will not use the material to train other physical therapists in treating scoliosis.

I understand that in order to retain my BSPTS L1 certification, I must attend the BSPTS L2 course between 1-3 years following L1. Failure to attend L2 within 1-3 years of L1 will result in loss of my L1 certification. BSPTS L2 certification is required for treatment of adults with degenerative and painful scoliosis, patients post scoliosis spinal surgery, and providing group and immersion type training.

I agree to sign the BSPTS Ethics of Practice Agreement upon completion of the L1 course.
