Scoliosis school name and all course/s completed	
Teacher/s	
How many hours do you spend each week treating patients with scoliosis? Age of patients?	
Will you be willing to bring a patient to be a model?	

SSOL Schroth Ethics Form

For Practical 1 (“P1”) Registrants:

I understand that completion of the P1 course does not guarantee P1 certification and that in order to obtain certification as a SSOL Schroth Physical Therapist, I must pass the SSOL P1 written exam given at the end of the course. A score of 75% is required for passing. If I fail to pass the P1 exam, I will be required to retake the exam within 3 months. If I fail a second time, I will be required to retake the course at full cost before retaking the certification exam.

I understand that SSOL P1 certification as a SSOL Schroth Physical Therapist is valid for three years and that I must attend the SSOL P2 course prior to the expiration of the three-year certification (but no sooner than one year following my completion of P1 in order to obtain permanent certification as a SSOL Advanced Schroth Physical Therapist. I understand that failure to attend P2 in the required time frame will result in the loss of my certification, and that I will not be certified by SSOL to treat patients until I retake PP1.

For Practical 2 (“P2”) Registrants:

I understand that completion of the P2 course does not guarantee P2 permanent certification and that in order to obtain certification as a SSOL Advanced Schroth Physical Therapist, I must pass the SSOL P2 practical exam given at the end of the course and successfully complete the required case presentation. A score of 75% is required for passing. If I fail to pass the P2 exam, I will be required to retake the exam within 3 months. If I fail a second time, I will be required to retake the course at full cost before retaking the certification exam.

For All Registrants:

I agree that I will not use the material I receive during the course to train other physical therapists in the treatment of patients with scoliosis or other spinal conditions. However, if I am a clinical instructor for physical therapy students, I understand that my students will be permitted to observe me providing Schroth therapy.
